WORK EXPERIENCE

Software Engineer

HCL Technologies

2022 – Present

Madurai, India

- Managed 6 enterprise applications, serving as the lead for PS Web – Medical Enrollment module.
- Addressed access and login issues using Adam Web, ensuring timely support and minimal downtime.
- Led agreement creation and Connect Center operations, supporting onboarding and user compliance workflows.
- Performed server patching, system restarts, and routine maintenance across client environments.
- Developed and executed BOMA scripts to automate repetitive tasks and improve operational efficiency.
- Supported VCC (Virtual Credit Card) transitions, including direct deposit troubleshooting and end-user calls.
- Addressed finance-related claim issues, resolving discrepancies and coordinating with internal teams.
- Prepared and presented weekly reports to directors and management.
- Processed and resolved service issues through Incident Requests (IR), Change Requests (CR), and Service Requests (SR) using ticketing tools.

Trainee

HCL Technologies

2021 - 2022

Madurai, India

- Provided technical and process support during onboarding and early-stage application usage.
- Utilized VNC Viewer for remote troubleshooting and monitoring of end-user systems.
- Collaborated with vendors for hardware issues, including printer support via GPS vendor and fax monitoring.
